In March, we held a successful Mad City Money Reality Fair for the senior class at Ticonderoga High School. This event, is a two-hour hands-on financial simulation to help high school students. This simulation gave them a taste of adulting, complete with occupation, salary, spouse, debt, and much more. Like in real life, they experienced unexpected windfalls and unplanned expenses and discovered the consequences and rewards of mishandling or handling their finances. It was a fun event and we hope the students walk away with tools to help prepare them for future success.
